## B. Providers

### B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
  - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
  - Providers that are a part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a family practice physician, a general practitioner, a pediatrician, a primary care clinic, or an internal medicine doctor who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need to see a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- A Medical Group is a group of PCPs, specialists, and other health care providers that work together and are contracted to work with our plan.

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

- You may need a **referral** to see a specialist or someone that is not your PCP. A **referral** means that your primary care provider (PCP) must give you approval before you can see someone that is not your PCP. If you don't get a referral, Health Net Cal MediConnect may not cover the service.
  - Referrals from your network PCP are not needed for:
    - Emergency care;
    - Urgently needed care;
    - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
    - Services from a women's health specialist.
  - Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
  - More information on referrals is available in Chapter 3 of the *Member Handbook*.
- You also have access to a care coordinator and a care team that you help choose.
  - A **Care Coordinator** helps you manage your medical providers and services.
  - Your **Care Team** is a group of people that will work with you to develop an Individualized Care Plan to address your health and support needs, reflecting your personal preferences and goals.
  - Your **Care Team** starts with your Primary Care Provider and Care Coordinator. Other team members may include behavioral health or social service expert, physician specialist, or dietician.
  - A **Personal Care Plan** is the list of health care goals you agree to work on with your Care Team. These goals include:
    - Your physical health care;
    - Your mental health care
    - Long-term services and supports. (These are for people who need help to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine.)

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

- Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

**?** **If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

## B2. Choosing a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider. You may be able to have a specialist act as your PCP. The specialist must be willing and able to provide the care you need. If you need to request a specialist to be your PCP, call our Member Services at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free.

Our plan's PCPs are affiliated with medical groups. When you choose your PCP, you are also choosing the affiliated medical group. This means that your PCP will be referring you to specialists and services that are also affiliated with his or her medical group.

- If there is a particular specialist or hospital that you want to use, it is important to see whether they are affiliated with your PCP's medical group. You can look in this directory, or ask Health Net Cal MediConnect Member Services to check to see if the PCP you want makes referrals to that specialist or uses that hospital.
- If you don't stay within your PCP's medical group, Health Net Cal MediConnect may not cover the service.

To choose a PCP, go to the list of providers on page 23 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. Or, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

### **B3. Long-term services and supports (LTSS)**

As a Health Net Cal MediConnect member, you may be able to get long-term services and supports (LTSS), such as Community-Based Adult Services (CBAS), the Multipurpose Senior Services Program (MSSP) and long-term custodial care in nursing facilities. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

These services include Community-Based Adult Services (CBAS).

CBAS is a community-based day health program that provides services to older persons and adults with chronic medical, cognitive, or mental health conditions and/or disabilities that are at risk of needing institutional care.

To apply for CBAS, please contact Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. The call will be returned the next business day.

Other long-term services and supports provided by Health Net Cal MediConnect include the Multipurpose Senior Services Program (MSSP) and long-term custodial care in nursing facilities. The MSSP provides services for people age 65 and older. With long-term custodial care in nursing facilities, the health plan makes sure that care is consistent and any transition is well planned. To find providers of these service, go to page 2246 in this Directory.

A full list of these services is available in Chapter 4 of your *Member Handbook*.

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

## **B4. How to identify providers in Health Net Cal MediConnect's network**

You must get all of your covered services from providers within our network that are affiliated with your PCP's medical group. If you go to providers who are not in Health Net Cal MediConnect's network and are not affiliated with your PCP's medical group (without prior authorization or approval from us), you will have to pay the bill.

A **prior authorization** is an approval from Health Net Cal MediConnect before you can get a specific service or drug or see an out-of-network provider. Health Net Cal MediConnect may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan or your PCP's medical group if Health Net Cal MediConnect gives you permission first.

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals in Section B1, Key terms, of this Directory on page **11-12**.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. For some providers, you may need a referral from your PCP.
- Remember, our plan's PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Member Services whether you are seeing a specialist or getting other covered services that require PCP approval. Member Services will help make sure that you can continue your specialty care and other services when you change your PCP.
- Health Net Cal MediConnect works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need to see a provider and are not sure if they offer the accommodations you need, Health Net Cal MediConnect can help you. Talk to your care coordinator for assistance or call Member Services at 1-855-464-3571 (TTY: 711).

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

## **B5. How to find Health Net Cal MediConnect providers in your area**

This directory is sorted by type of provider and location. Provider types include Primary Care Providers, Specialists, Hospitals, Nursing Facilities, Skilled Nursing Facilities, Home Health Agencies, Mental Health Providers, Long-Term Services and Supports, Acupuncture Providers, and Vision Providers. Primary Care Providers and Specialists are listed by assigned medical group, and then by city or town. All other provider types are listed by city or town within each section.

If you need help finding a provider, call Member Services at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free.

**?** **If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

## B6. List of network providers

This Directory of Health Net Cal MediConnect's network providers contains:

- **Health care professionals** including primary care physicians, specialists, nurse practitioners, psychologists and pharmacies; and
- **Facilities** including hospitals, nursing facilities, skilled nursing facilities, mental health facilities; and
- **Support providers** including adult day services, assisted living, consumer- directed services, home-delivered meals, home health agencies; and
- **Vision providers; and**
- **Acupuncture providers.**

Providers are listed in alphabetical order by last name. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training.

**Cultural competence training** is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

### **C. Health Net Cal MediConnect's network providers**

The providers in this directory are organized alphabetically by medical group. You may get services from any of the providers on this list. For some services, you may need a referral from your PCP.

**?** **If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

# Accessibility Information

Below is information used in the provider directory to indicate accessibility at a provider office or building site. This information is not a promise that every doctor will always have the access that you may need. If you have a disability, you should call the doctor's office to talk about your access needs.

## Accessibility Requirements:

**All Criteria Met:** if the provider meets all (49) Critical Elements (CE) for disability access in four (4) main areas:  
 Parking, Exterior Building, Interior Building, and Programmatic Access.

**Some Criteria Met:** if the provider does not meet 1 or more of the CEs.

**No Criteria Met:** if provider reports having no disability access for all of the CEs.

**Details Pending:** if there is no data to support any of the 4 main areas.

Indicator	Definition	Criteria
P	Parking	Parking spaces and van-accessible space(s), are accessible. Curbs to on-site parking, public transportation, and the side walk at the site entrance have curb ramps.
EB	Exterior Building	There is an accessible ramp to the building. Curb ramps and other ramps to the building are wide enough for a wheelchair/scooter. There are handrails on both sides of the ramp. Doors are wide enough for wheelchair/scooter to enter and the doors have handles that are easily opened.

*(This section is continued on the next page.)*

**? If you have questions**, please call Health Net Cal MediConnect at 1-855-464-3571 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit [mmp.healthnetcalifornia.com](http://mmp.healthnetcalifornia.com).

IB	Interior Building	Doors are wide enough for a wheelchair/scooter and have handles that are easily opened. There are interior ramps that have handrails. If an elevator is present, it must be free for public use. The elevator has easy-to-hear sounds and Braille buttons within reach. The elevator is large enough for a wheelchair/scooter to turn around. The restroom is accessible, has doors wide enough for wheelchair/scooter and are easy to open. Offices have accessible equipment and clear for space where the equipment is for side transfers by wheelchair or scooter users. Lift equipment exists when needed. If office has a chair lift, it can be used without help.
PA	Programmatic Access	Programmatic access includes, but is not limited to: accessible communication and materials in other formats given in a timely manner, staff help with follow-up visit planning, and other disability-related support (people with disabilities who cannot wait in waiting room are seen right away).
~	Rx	This pharmacy can provide an extended day supply.
+	New patients	Physician is currently accepting new patients.
#	Existing only	Physician is currently accepting existing patients only.
